7 Oct - 9 Oct

Online

07/10/2021

## RULES

- Individual applications.
- Developed Solutions should be original and not copied.
- Do not use proprietary software. Use open-source software
- Guidelines :
  - Participants will have to sign up online via the Website.
  - Registration can be done before 10 am on Day1.
  - The participants need to ensure that the necessary pre-requisites/working environment is set up on their laptops in advance so that time allotted during the hackathon is not spent on software installations.

**Note**

Decision taken by Co-Ordinators will be final in case any discrepancies!
