Description: An Online Web Designing Contest. This event is the perfect platform for aspiring web designers to kickstart their front-end journey and tech wizards to flaunt their designing skills.

Venue: Online

Date:
- Round 1: 7 October 2021, 4:30-5:30pm
- Round 2: 8-9 October 2021

Round 1:
Duration - 20 minutes

This round will consist of an online quiz on the basics of Web Development that the team has to answer. Since the quiz can be accessed only by a single member, any one member of the team member is required to open the test on his/her PC. The other member can help his/her teammate through any online platform, if the physical presence of both the teammates together isn't possible.

Once the time for the test is up, the judges will evaluate the results and decide which worthy teams move to the next round.

Rules: -

1. Do not google your answers. Find out where you truly stand in your HTML, CSS and JavaScript.

2. Taking help from members outside of your team will not be permitted.

3. In case of any internet or electricity issues, contact the event coordinators beforehand.

4. Judge's decision will be final.

Round 2:
Duration - 24 hours

This round will be a tough challenge as the team will be given a webpage template and an exact replica of it has to be designed using all the necessary technologies. The template will be shared on 8 October 2021 and the teams have to

submit the source code of the webpage 24 hours post the start of the round. The teams will be explained the exact details and specifications of this round via an online meet before the round begins, where all their doubts shall be cleared.

Rules: -
1. The code has to be written by the team and not copied from any online source. If found plagiarised, the team will be disqualified.

2. Submissions after the submission time will not be considered. Be on time!

3. Help from any member outside of the team is not permitted. Be true to yourself and respect the efforts of your fellow teams.

4. In case of problem contact the event coordinators beforehand.

5. Judge's decision will be final.

Permitted Tools:
- Application Software (Sublime, VS Code, etc.)
- Languages (HTML, LESS, SASS, jQuery, JS, etc.)
- Framework (Bootstrap, Tailwind, etc.)

Judging Criteria:
1. Use of technology. More the merrier.
2. Process/Completion.
3. The website should be a replica of the given template.
4. Website should be mobile responsive.

Prizes:
First place - Rs. 7,000/-
Second place - Rs. 4,000/-
